## DETAILED ACTION

### Restriction Requirement

15.

Restriction to one of the following inventions is required under 35 U.S.C. 121:

- I. Claim 12, drawn to compounds, classified in class 548, subclass 255+ and in class 544, subclass 180+.
- II. Claim 13, method of protecting ultra-violet-sensitive organic materials against the damaging action of UV radiation, classified in class 424, subclass 59+.

16.

The inventions are distinct, each from the other because:

Inventions I and II are related as product and process of use. The inventions can be shown to be distinct if either or both of the following can be shown: (1) the process for using the product as claimed can be practiced with another materially different product or (2) the product as claimed can be used in a materially different process of using that product (MPEP § 806.05(h)). In the instant case the process for using the product as claimed can be practiced with another materially different product such as a cinnamic acid.

17.

Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

18.

A telephone call was made to Kevin T. Mansfield on June 23, 2003 to request an oral election to the above restriction requirement, but did not result in an election being made.

19.

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a diligently-filed petition under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(h).

20.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Shelley A. Dodson whose telephone number is (703) 308-2445. The examiner can normally be reached on Monday-Thursday from 7:30 a.m. to 5:00 p.m. The examiner can also be reached on alternate Fridays.
